Art Unit: 1644

1. Claims 41-44,46,47,52-57 are under consideration. Claims 41,42,46,47,52,54 have been amended. Claims 40,45,48-51 have been canceled.

2. This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2).

However, this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth on the attached Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence and/Or Amino Acid Sequence Disclosures.

No sequence listing has been filed for the sequence recited in claim 54 (eg. the sequence of SEQ. ID. No. 8 with the amino acids specified in claim 54). A new sequence listing in paper form and CRF form reciting said sequence is required. Claim 54 should be amended to recite the appropriate SEQ. ID. Number.

3. Claims 54 and 46,47,57 are objected to because of the following informalities. Claim 54 recites a sequence, but lacks a SEQ. ID. Number as required under 37 CFR 1.821(d). Appropriate correction is required.

4. Regarding Figures 5 and 7, said Figures contain multiple panels which need to be separately labeled (eg. 5A and 5B, and 7A, 7B and 7C) (see PTO-948 mailed with Office Action of 1/26/95). Regarding references to said Figures in the specification, the specification needs to be amended such that where reference to a Figure with multiple panels is made that the reference to the Figure discloses the particular panels. This needs to be done in the Brief description of the drawings section of the specification and in any other part of the specification wherein such a Figure is referred to.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until

Serial Number: 08/823980

after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
